**a R N**

As part of the quality control process, every NCLEX® is scored twice: once by the computer at the test center and again after the examination record has been transmitted to Pearson VUE.

Candidate results are transmitted electronically to the nursing regulatory body (NRB) in the jurisdiction where the candidate has applied for licensure/registration. Each NRB has developed its own procedure for distributing results to candidates. It can take up to six weeks to receive your official results. Do not call Pearson VUE, the National Council of State Boards of Nursing (NCSBN®) or your NRB for the results as they will not be released over the telephone.

It is important to understand that the length of your NCLEX or the number of items answered is not an indication of a specific pass or fail result. A candidate with a relatively short examination may pass or fail just as a candidate with a long examination may pass or fail.

Each candidate, regardless of the length of their examination, has ample opportunity to demonstrate
