NCSBN ID numbers are **free to access** and available exclusively through the Nursys system.

## **NCSBN ID**:

- The only UNI number assigned to every U.S. nurse and approved by the Alliance for Nursing Informatics (ANI).
- Will never expire or be assigned to another nurse.
- Facilitates interoperability across systems.
- The easiest way to look up a nurse in any nurse database.
- Ý Þ×č óÞ ČÁč Þč Đ Á÷č óÞ÷č ŠŪÞ Þč (RN or LPN/VN) and does not change if the nurse is licensed in other states or as an APRN.

- Institutions can obtain the NCSBN ID for nurses in their data sets free of charge using Nursys e-Notify<sup>®</sup>.
- Allows for easy documentation of a nurse's contribution throughout the patient care continuum.
- Allows nurse data sets to be combined easily for research without the need of any protected nurse PII.
- Managers can aggregate nurse related data from their own health systems to make meaningful evidence-based decisions.
