

nursys®

e-Notify: Verify and monitor
your nurse licenses anytime,
anywhere...**for free.**

NCSBN created Nursys, the only
national database for licensure

licensed practical/vocational nurses

In just a few minutes, you can join more than **one million nurses** already using Nursys e-Notify® for:

- Licensure status and expiration updates
- Creating and managing license expiration reminders
-
- Live and dynamic RN and LPN/VN updates sent securely from all boards of nursing
- APRN data and updates from participating boards of nursing*

a number unique to you that allows you to easily identify yourself to applications and processes without providing detailed information.
